From the date of this notice, you have 30 days to test and certify your backflow assembly as Required under City Ordinance #84-12 and California Administrative Code, Title 17 Public Health. Please have this test performed by a Certified Tester who is currently on the County of San Diego's approved tester list. (See enclosed list). If repairs are needed, the assembly will require re-testing before it can be certified. Failure to comply with the Water Utilities Department's requirements may result in the termination of your water service.
